### 1.3 Please give a brief manifesto (no more than 200 words) to include your reason(s) for standing for election and the skills and experience you could bring to the Board of BCVA

I wish to stand for board to support its mission and purpose and ensure it has a positive public standing. To do this I will bring both my professional and personal thoughts, ideas, experiences, and solutions. Having worked in clinical practice, academia, farming, and industry, I have engaged with many areas of our sector. In my current role, I am well placed to understand the challenges and successes of farm clinical vets, but also engage with and impact the farm veterinary sector as a whole. As Vice Chair of the Oxford Farming Conference and previously trustee of the Country Trust and St Werburghs City farm, I have extensive board experience. Being involved with organisations such as Nuffield Farming, Landworkers Alliance and National Farmers Union I have built bridges to help link many organisations together and help foster cooperation. I am not averse to advocating for change and having co-founded the British Veterinary Ethnicity and Diversity Society, I am well placed to help drive a positive culture for all members of the BCVA to thrive in. The next generation are key, so my current work with encouraging young diverse people to become farm vets will help support the future of our association.
