Advanced Bovine Reproductive Rectalling and Ultrasonography

Tuesday 3rd December 2024

Hartpury University and Hartpury College, Gloucester

Date: Tuesday 3rd December 2024 09:00 - 17:00

Location: Hartbury University and Hartbury College

Presenter: Peter May

Synopsis

This practical based one day course aims to improve and advance your reproductive rectalling and scanning skills.

Both the morning and afternoon sessions will start with a theory session followed by two blocks of rectalling and scanning practice.

Morning theory

- Rectal palpation and uterine flipping
- Oestrous cycle stage determination
- Aging the bovine foetus
- Foetal death
- Twins

Morning practical

1. Non pregnant cows to practice uterine flipping and determine the stage of oestrous cycle
2. Early pregnancy diagnosis 30-50 days plus twin checks

Afternoon theory

- Foetal sex determination
- Abnormal foetal detection
- Follicular counting
- Subclinical endometritis
- Persistent cystic structures and Granulosa Cell tumours

Afternoon practical

- Aging pregnancies 70 days up till dry off
- Sex scanning practice

Peter May DBR BVMS (Hons) MRCVS

Peter qualified from Glasgow University in 1983 and started working for the Drove Vets. Two years later he became a partner at the Drove Veterinary practice.

In 1993, Peter was the first vet in the UK to treat repeat breeder cows with embryos and to offer bovine foetal sex determination to clients.

In 2004, Peter achieved a Diploma in Bovine Reproduction. This has enabled him to undertake more consultancy work in the UK and abroad.

Peter now works independently but retains a close working relationship with Drove Vets still undertaking routine fertility work with Drove clients. He also works closely with Tyndale Farm Vets where he undertakes Ovum Pick Up (OPU) weekly. Embryo transfer work now occupies about half of his time over a wider area in the UK. Peter also conducts scanning ET and IVP training both in the UK and abroad.

Peter has recently helped re-launch and is the current President of the British Embryo Technologies Association.

The scanning equipment for this course is kindly sponsored by

Registration Form

Scanning Course (3d December 2024) - *Course is limited to 8 delegates*

Name:	
Practice:	
Address for notes to be sent to:	
Tel:	Fax:
Email that you will use on the day:	

<i>Please tick</i>		
BCVA Member registration (inc VAT)	<input type="checkbox"/>	£468
Non BCVA Member registration (inc VAT)*	<input type="checkbox"/>	£582
<i>I would like to make a donation to Vetlife</i>	<input type="checkbox"/>	£
Total		£

*Would you like to receive future CPD information from BCVA? YES NO

Your name will be added to a Delegates List which will be distributed to other delegates on this course.
Please tick here if you do NOT wish to be added to this list.
